How we works

Engagement models

Methodologies

Our clients

What does the project cost consist of?

The cost of the project is formed from the time spent by each of the specialists at each stage of the project.

To achieve results, qualified specialists work on the project. Who involved project development?

01. Project manager

Supervises the project team.

02. Designer

Responsible for the appearance of the site: blocks, slides, icons, etc.

03. Front-end developer

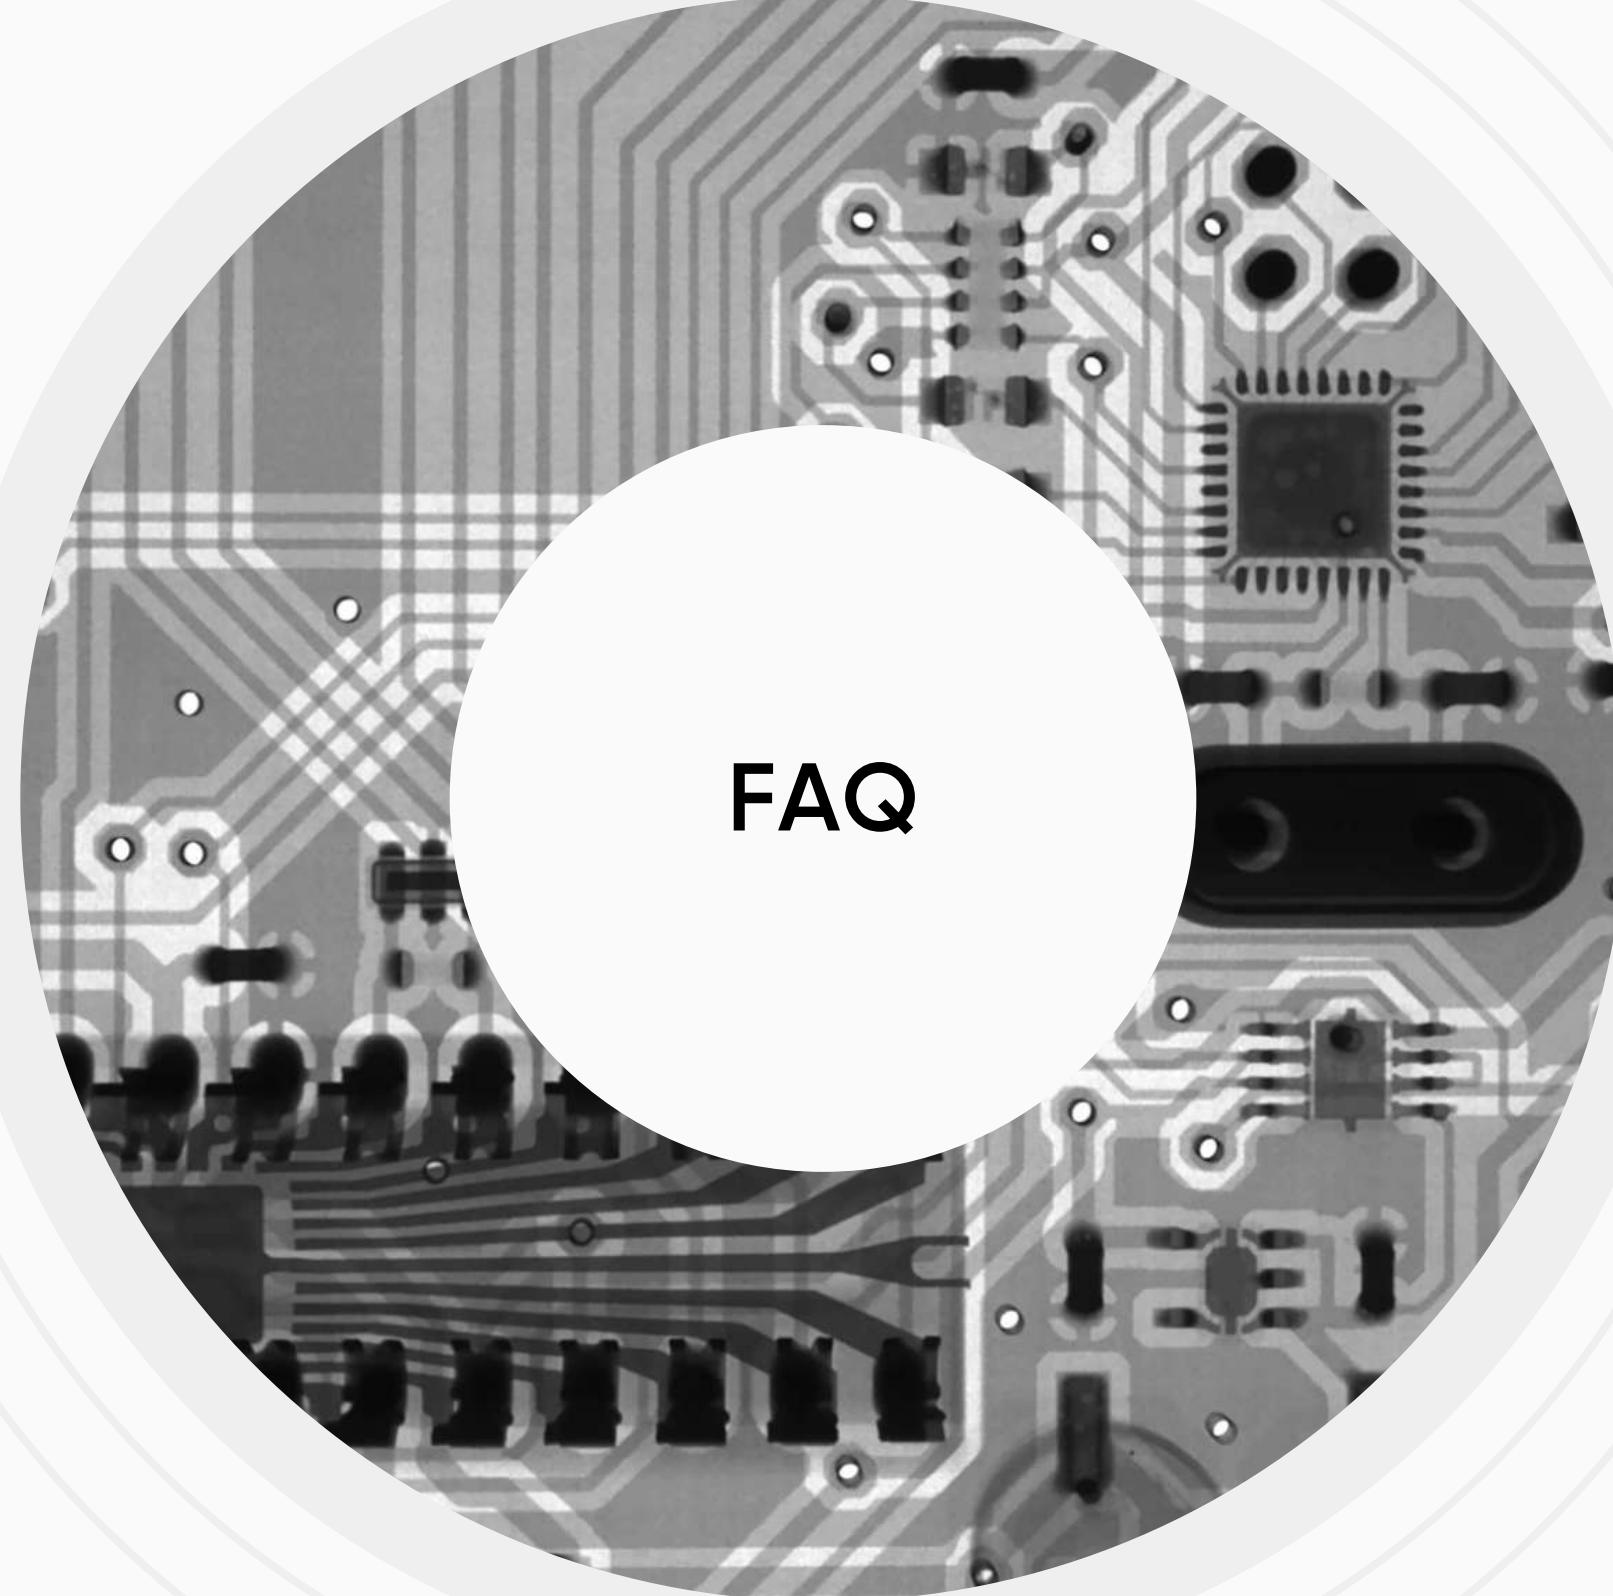

Developed design into html, css, js code.

04. Back-end developer

Develop website functional.

04. Quality assurance (QA)

A specialist who checks the functionality of the site in accordance with the technical requirements.

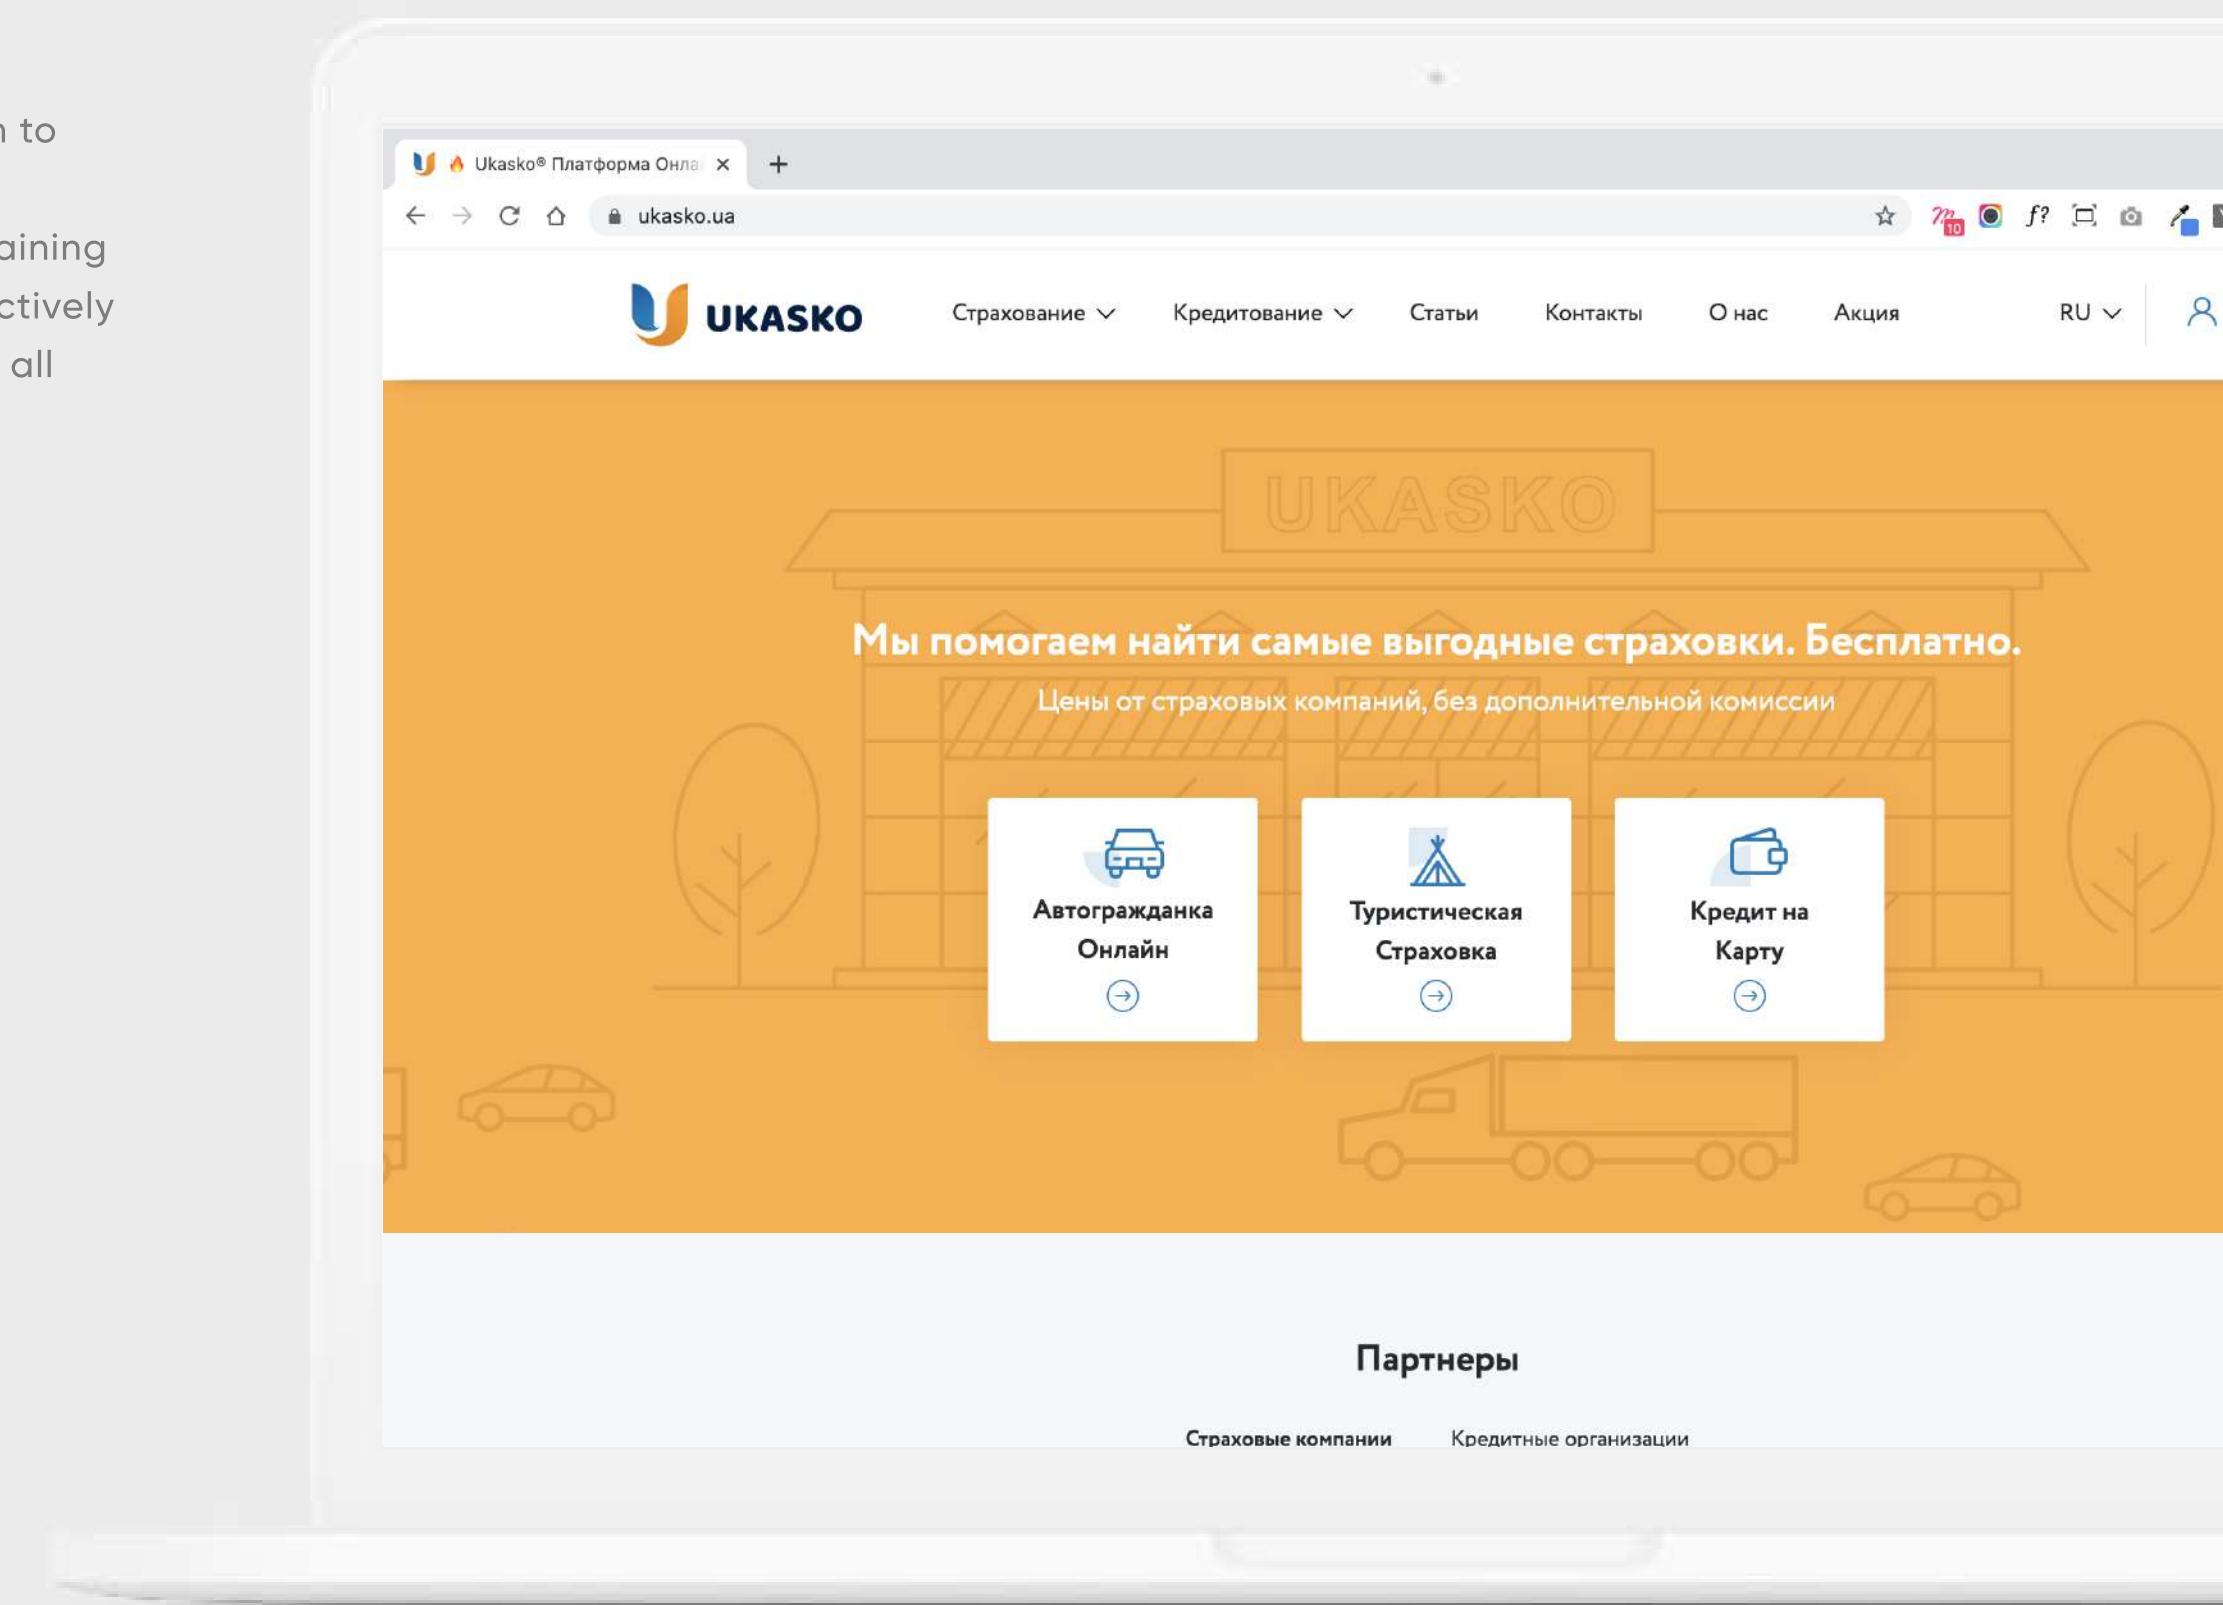

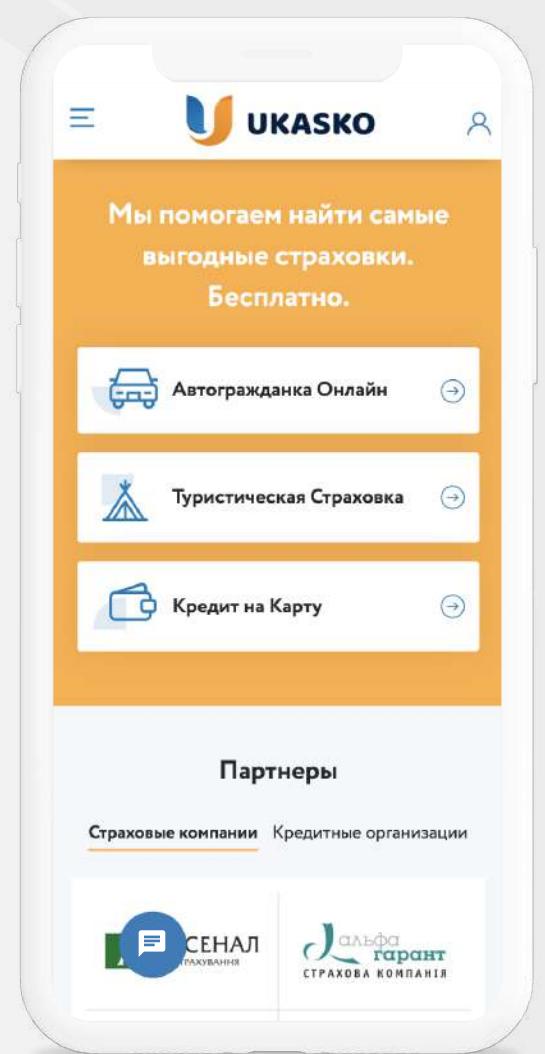

FAQ

Ukasko

Online insurance platform. In the spring of 2018, UKASKO team began to work on creating its own car insurance platform.

Further, we expanded the scope of activities to the possibility of obtaining travel insurance and obtaining a micro loan online. In 2020, we are actively working to reduce the level of bureaucracy in Ukraine and to simplify all processes as much as possible.

Rentflot

Shipping company "Rentflot" (formerly "RIVER SHIPPING") was established in 2001. From 2001 to the present day RENTFLOT has been the flagship in the rental of motor ships, boats and yachts. The number of boats is constantly increasing, open new interesting sailing routes.

rentflot.ua

The desktop version of the Rentflot website. The top navigation bar includes links for 'О нас' (About us), 'Программа отдыха' (Leisure program), 'Подарочные сертификаты' (Gift certificates), 'Развлечения' (Entertainment), 'Речные прогулки' (River cruises), 'Отзывы' (Reviews), and 'Контакты' (Contacts). It also features language switches for 'Киев' and 'Рус'. The main banner features a large image of a river port at sunset with the text 'Аренда теплоходов, яхт и катеров' (Boat, yacht, and boat rental) and a subtitle about river cruises. Below the banner are five service cards: теплоходы (cruise ship), кухня на борту (onboard kitchen), парусные яхты (sailboats), моторные яхты (motor yachts), and катера (motorboats). A section titled 'Популярные суда' (Popular ships) shows a grid of船 images with filters for '3D-тур', 'ВИДЕО', '28 ФОТО', and 'ХИТ'.
